Note:

Starting in 2026, no race slots will be offered for youth (U20) athletes in qualifying races over the full distance.

Can juniors (18-19) still participate in the XTERRA Full Distance World Championship?

The XTERRA Junior World Championship is held over a sprint distance. Juniors who choose to participate in the full distance at the World Championship must either compete in the 20-24 age group or be registered as elite (if they meet the criteria). The race slots awarded for the youth world championship cannot be transferred to the full distance, meaning juniors who wish to compete in the full distance must earn their starting spot over a full distance.
